Versatile and results-driven Full-Stack Web Developer with a strong foundation in both front-end and back-end development. Experienced in designing and deploying scalable, high-performance web applications, with a focus on clean architecture and efficient data management. Skilled in initiating new projects from concept to deployment as well as managing and enhancing existing applications to ensure optimal performance and maintainability. Adept at leading and collaborating within cross-functional teams to deliver innovative, user-centric solutions. Committed to continuous learning and excellence in every stage of the development lifecycle.

Education

Silver Oak University, Ahmedabad, IN

Aug 2021 – May 2025

Bachelor of Technology in Computer Engineering

GPA: 8.6/ 10.00

- **Core Courses:** Database Management System, Data Structures and Algorithm, Object Oriented Programming, Software Engineering, Big data analytics, Artificial Intelligence and Machine Learning(AIML).

Skills

Programming Languages : Python, JavaScript, HTML & CSS.
Technologies : GraphQL, TypeScript, Rest APIs.
Database Management System : PostgreSQL, MySQL.
Frameworks and Libraries : React.js, Next.js, Angular, Node.js, Express.js, NPM.
Soft skills : Effective Communication, Problem Solving & Critical Thinking, Leadership.

Work Experience

Web Developer Intern - Codage Habitation, Ahmedabad, IN

Dec 2024 – Currently

- Delivered 10+ full-stack web applications using React, Next.js, PostgreSQL, and GraphQL, achieving 90%+ user satisfaction and reducing load times by up to 40%.
- Led performance-focused enhancements through advanced React practices, boosting accuracy by 50% and client satisfaction by 25%.
- Improved scalability and responsiveness by optimizing architecture with Redux/Context API and streamlining API performance, cutting delivery time by 20%.
- Led client project enhancements with senior developers, boosting website efficiency by 30% and client satisfaction by 25%, while expanding technical expertise to deliver innovative digital solutions.

Software Developer Intern - InsuredHq, Ahmedabad, IN

Jun 2023 – Dec 2023

- Gained valuable industry experience in a dynamic corporate environment, contributing to the successful completion of 5+ major projects while demonstrating excellent problem-solving and collaboration skills.
- Enhanced the company website by developing and integrating new features, increasing traffic by 50% and improving user engagement by 35% through optimized UI/UX improvements and streamlined backend processes.
- Collaborated with cross-functional teams, including developers, designers, and stakeholders, to ensure project alignment with business objectives, resulting in a 20% reduction in project turnaround time and enhanced productivity.
- Leveraged Git, GitHub, and Confluence to streamline version control, manage ongoing projects, and improve code quality and documentation efficiency by 30%.

Active Projects

- **SW Habitation** : Development platform featuring tutorials, resources, and modern tech trends. (Next.js, TypeScript, TailwindCSS)
- **Techfive** : Custom-built development resource platform inspired by SW Habitation. (Next.js, TypeScript, TailwindCSS, Express, MongoDB)
- **Legal One** : Full-stack legal services platform with multi-role authentication and GraphQL API. (Next.js, Prisma, MongoDB, GraphQL, Socket.io)

Certification

- Full-Stack Web Development
- Google cloud Digital leader
- Udemy python programming
